OUR DESIGNERS

DESIGN, QUALITY AND DANISH CRAFTSMANSHIP ALL GO HAND IN HAND IN OUR FURNITURE FROM HASLEV. Throughout more than sixty years of production, we have developed a range of homely classics in a close local cooperation between our own skilled Haslev cabinetmakers and innovators. Furthermore, we have also had the pleasure to learn from and work with designated Danish designers to develop new elegant, exquisite and functional furniture in the Danish design tradition.

WITH TRADITION
& INNOVATION
MANUFACTURED
IN DENMARK

CRAFTSMANSHIP WITH TRADITION & INNOVATION manufactured in Denmark based on proud traditions, design and strong craftsmanship. We use only the best part of the wood in our production. Despite the use of modern technology our experienced cabinet makers ensure to sustain the traditional workmanship during the processing of the wood.

NORDIC COLOURS

Start with the classic Scandinavian palette of cool dusty shades that match the natural wood. Combine with details in glass, emphasizing winter mood and reflecting light in your décor, to your personal taste.

BUTTERFLY

> DESIGN BY
NIELS
GAMMELGAARD

The Butterfly Chair is an elegant wooden chair in the Nordic design tradition with a laminated wooden shell and a wooden base from Nordic wood types oak, beech and maple as well as colored and black- stained oak. The Butterfly Chair offers a high degree of seating comfort due to lumbar support and flexibility in the back. It is a light but yet distinctive design both as an all wood shell chair as well as with upholstery.

FREYA CHAIR

> DESIGN BY SAYS WHO

"Says Who?" is a question and a bold statement about challenging our traditions and expectations. It is a question that the two designers Nikolaj and Kasper like to ask a lot. Their style is simple, functional and filled with character and their strength is in the combination of good design, thought-through solutions and solid business understanding.

I-SIT CHAIR

> DESIGN BY LONE STORGAARD

i-SIT is our idea of an innovative chair, based on research involving both end users and experts. The design of the chair is light and yet prominent with full upholstery, moulded shell and slim steel legs. Offers a built-in device for steepless adjustment of the back of the chair with a unique seating and resting comfort, adaptable for all users. A stool in a matching design is available as well, providing the optimum seating comfort.
